

22 December 1982

NOTE FOR: NIOs  
FROM : C/NIC

The DCI told me today that sometime in January he wants the NIOs to brief NFIB Principals at a regular meeting on the highlights of their estimates program. Each NIO presentation should be very short, no more than 5 minutes worth, to be followed by discussion. This will give us time only to mention briefly, say 4-6, of the most important papers you plan on doing in 1983, why, and what they will cover at a single NFIB meeting. Give some thought to which papers you'd propose to talk about and give me a list of them by COB Monday, 3 January.
